Foreword

Time will mellow the fears, the frustrations, the disappointments that beset our seventeen year old hearts today. When we review these through adult eyes, we'll remember only the loves, the gayety, the laughter, of those Make Believe days.

To span the years between, we've chosen Snow White, her Charming Prince and their seven busy benefactors, to tell our story. We hope you'll like the way they carry it into the Never Never Land o' Dreams.
